1 Introduction

The first best practice visit took place in Namest nad Oslavou on 25th of November 2015. The main goal was to show participants SRCs and concrete usage of woodchips from SRCs.

2 Overview of training events

2.1 Summary

The participants were transported to the plantation near Namest nad Oslavou, where the participant can see SRC plantation and then to the district heating system in Trebic, where the woodchips from the SRCs are burned.

2.2 Feedback from participants

The participants were satisfied with the programme and have a lot of information about SRCs that will use in the future

3 1st Best practice visit

3.1 Basic information

Location/ Country: Czech	Partner. Energy agency of the Zlín region	No. of event: 1
No. of participants: 14	Place: Namest nad Oslavou	Date: 25.11.2015
Target groups: Farmers, Public land owners, Small and medium users		

3.2 Short summary: (goals, programme, feedback)

Goal of the training was showed participants good practice examples and show successfully implemented SRCs plantation. Second part of the programme was invitation to the Heat boiler in Trebic that use wood chips from the SRCs.

The programme of the training is in the chapter 3.4.

Feedback: All participants were really excited about the opportunity to hear and see SRCs plantation and practical use of SRCs woodchips.

3.3 Event agenda (invitation and programme)

Invitation/programme:

Energetická agentura Zlínského kraje, o.p.s.
Vás tímto zve na exkurzi
„Rychle rostoucí dřeviny“
která se koná v rámci projektu
SRCplus

Datum konání: **ve středu dne 25. 11. 2015** od 7:00 hodin, Zlín

Místo konání: **Náměšť nad Oslavou a Třebíč**

Program:

7:00	Odjezd ze Zlína
9:00-10:00	Prohlídka plantáže RRD u Náměšti nad Oslavou, Ing. Ludka Čížková
