Registration

Click [here](#) to register for the Study Tour

The participation in the study tour is free of charge. Swedish University of Agricultural Sciences covers all expenses for the plant visits and the bus transfers in the framework of the SRCplus project, which is supported by the EU IEE programme. All other expenses (travel to Sweden, accommodation, meals) are to be carried by the participants. Participants from the SRCplus target regions may contact the responsible partner in their region regarding support for the travel.
